

CHAPTER 11 VOCABULARY WORDS:

CLIMATE CHANGE OCCURS THROUGH NATURAL PROCESSES AND HUMAN ACTIVITIES

1. Climate
2. Biogeoclimatic zone
3. Paleoclimatologists
4. Ice cores
5. Natural greenhouse effect
6. Greenhouse gases
7. Water cycle
8. Thermocline
9. El Niño
10. La Niña
11. Carbon sink
12. Weathering
13. Carbon sources
14. Catastrophic events
15. Climate change
16. Global warming
17. Enhanced greenhouse effect
18. Global warming potential (GWP)
19. General circulation models (GCMs)
20. Permafrost
21. Precautionary principle
